GET ENOUGH VOTES THIS WEEK FOR PRIZE YOU WANT

First Grand Prize—Dodge Touring Car $1005.00.
Second Grand Prize—Residence Building Lot $650.00
DISTRICT PRIZES
Two $50.00 Merchandise Orders, one for each district.
Two $25.00 Merchandise Orders, one for each district.
Four Vacation Trips and Expenses, two for each district.
Twenty per-cent On All New Business to Non-winners.

Enough, is more than anyone else has and you want enough votes April 27th. Do not forget this—there are four more days to double your reserve votes, and you can do it by Saturday night. Your competitors are on the lookout for votes and subscriptions and while many of them perhaps have less votes in reserve than you, their everlasting perseverance during four days will get them enough to defeat those who do not do likewise.

We are forced to believe that some of the candidates approach their friends and acquaintances as if seeking a favor when asking for subscriptions. This is wrong. You are offering them the best paper in Richmond at a reasonable price, and it is value received to all who subscribe. It is a business proposition entirely and can be presented to anyone.

TO SUBSCRIBERS.

If you would assist a worthy candidate in their struggle for a handsome prize, now is the time to do so. You will read the Record-Herald anyway and a subscription given to some candidate may be just the one she will need to win.

TO CANDIDATES.

You cannot afford to relax in the closing days of this contest. The chances you take are too great in doing so, for others will continue to hustle up to the closing hour.

The people who have been watching your campaign with interest and have been boosting for you every day are surely anxious to see you win. Perhaps they have paid three months or six months. What of that? Their time will soon be out and they would gladly extend the time for you another six months more if you see them now.

You cannot rely upon the votes you now have; you are not sure they are enough. GEA ENOUGH.

THE OLD STORY IS RE-ENACTED

WALL STREET WORK IS FAULTY

PROPERTY OWNERS MUST PAY

The property owners on Forty-seventh or Wall street got out last night at the hands of the council just what might have been expected, taking past events as a criterion, the protest against the acceptance of the work has been before the council for several months, and the matter has been up for hearing several times, and has been postponed.

The plans and specifications called for a certain kind of work, the contractor knew what it was when he took the contract, and the property owners should get just exactly what the contract calls for.

Testimony has been taken, and it has been conclusively shown that instead of there being five inches of concrete, in some places there is only four, and in others only three and a half inches.

This is not according to the plans and specifications. Finally however, after discussing the matter over in secret session for some time last night the council called its meeting to order, and voted to overrule the protest of the property owners.

In other words the council says to the property owners, although the work is not according to contract, you will have to pay for something that you did not get.

Why the property owner receives such little consideration in street matters, when they foot the bills, and why the contractor seems to be protected, has been an all absorbing question in Richmond for some time.

The law is very plain on the matter, and there does not seem to be any question but that the property owners will take the question into the courts, although they will be put to expense they should not be, and see if they can get redress there.

GRANT EXPOSE TOMORROW PROMISES TO INTEREST ALL IN RICHMOND

Edwin E. Grant, the head of the vice crusade in this state is going to deliver his promised speech at the Lincoln auditorium on tomorrow evening, according to promise which he made to the heads of the city government last week. He will appear on the platform and tell the people of this city all about the vice conditions around the bay and particularly that which pertains especially to this city.

All of the people of the city are requested to turn out to the meeting, for they will hear something of interest to everybody, particularly the ladies. Just who will be the chairman at tomorrow evening's meeting has not yet been decided, but it will probably be Fred Newsom, o local temperence leader. The meeting will be held under the auspices of the W. C. T. U., but this does not mean that everybody cannot attend, for Senator Grant wants all to hear his story and he promises to astound his hearers. He is a pleasant talker and knows how to handle the subject which he will present.

So don't forget the date, tomorrow evening at the Lincoln Auditorium at 8 o'clock.

METHODIST LADIES GIVE CASH TO RED CROSS

The Methodist Ladies Aid Society of the First M. E. Church at the Point turned in to the local Red Cross Chapter, as a result of their luncheon on Monday at their lunch rooms near the Standard Oil works, the sum of $40.50.

The returns for the luncheon proved very gratifying to the ladies of the church and also to the members and officers of the Red Cross Chapter.

SEWING PARTY HELD BY PYTHIAN SISTERS

A sewing party was held this afternoon at the home of Mrs. H. Moore, 551 Sixth street, by Contra Costa Temple, Pythian Sisters. There was quite a large attendance of the ladies present.

CORPORAL NICK AYER TO HEAD RECRUITING PUBLICITY

Nick Ayer, former newspaper man of this city is to succeed to the head of the publicity department of the government at the recruiting station in San Francisco at 660 Market street. Nick Ayer is now a corporal in the army and has been connected with the publicity department of the government for a period of fully six months.

Sergeant Culver M. Shirrell, who has been in charge of the publicity end of the service of recruiting in San Francisco for the past six months, formerly worked on the Gazette in Martinez, but he enlisted in the army from Bakersfield. Shirrell is going to Jacksonville, Florida, to enter a training camp for a commissioned officer. He has been the editor of the National Army Recruiter, a magazine published for the benefit of the recruiting service of the government.

TERRIBLE HAVOC WROUGHT BY THE EARTHQUAKE IN SOUTHLAND

LOS ANGELES, April 23.—Stock taking of the havoc wrought by the series of earthquake shocks which were felt in Souther California, western Arizona and Utah and which covered a period of thirty hours beginning at 3:32 p. m. Sunday, strengthened today the belief that the disturbance originated in the granite backbone of the San Jacinto Mountains, about sixty miles east of here.

The greatest property damage occurred at San Jacinto, which lies at the foot of San Jacinto Mountain. Hemet, two miles from San Jacinto, suffered only a little less severely, but the destruction diminished rapidly as distance from that point increased.

The toll of the earth disturbance, most of it taken by the earliest of the nine distinct shocks, was two lives, a score of persons suffering minor injuries and property damage estimated roughly at $500,000.

HASEY DENIES CHARGES THAT HE TRIED TO EVADE THE DRAFT

Edward M. Hasey, who was arrested the other day at Marysville and taken to San Francisco for a hearing of sedition and perjury, is back home again, absolved, so far as the federal authorities are concerned, of any untoward conduct against the government. Hasey came to the Record-Herald this morning to explain that while he is not a believer in war and the business of killing, he is not a slacker. He says he never attempted to evade the draft in any way, but simply sought exemption in the manner provided by law. He claims that he is now ready and willing to answer the call, but he does not believe he will be held at the cantonment when his religious beliefs are made known to the commandant.

Hasey went before the exemption board this morning and protested being called out of his turn. His number is something upwards of 2500 and he is being inducted into the service below the 2000 mark. He does not think this is quite fair and will appeal the matter to Adjutant General Borres.

Hasey is due to leave Richmond with the next contingent to go to American Lake on the 30th of April—just a week from tonight. He wants to secure a delay, if possible, so that he can put another coat of paint on his house at Yuba City and fence in his garden. But the hard-hearted draft board, he fears, will not grant that simple boon. Indeed, the chairman of the board confessed this morning that he was being called out of his turn, for the reason that he had been attempting to evade the draft, so there appears to be some ground for Mr. Hasey's fears that he will not be granted an extension of time for induction into the service.

Obsolete Ships Sunk To Bottle Up U-boats At Zeebrugg--Ostenp

LONDON, April 23.—In all probability the entrance to the Bruges Canal has been blocked effectively in consequence of the naval raid, Sir Eric Geddes, first lord of the admiralty, announced today in the House of Commons. The result of the whole operation, Sir Eric said, was regarded as very successful. An enemy destroyer was torpedoed at Zeebrugge.

LONDON, April 23.—The German submarine bases of Ostend and Zeebrugge, on the Belgian coast, were raided by British naval forces this morning, the admiralty announced. The British forces consisted of auxiliary vessels and six obsolete cruisers. Five of the old vessels were filled with concrete and were run aground and blown up to block the harbor. The raid met with a "reasonable measure of success," the official statement said.

The complete details were not available when this dispatch was written, but the admiralty announced that a further report would be made when the returning ships arrive at their base. The raiding vessels were protected by covering ships. By "covering ships" the admiralty evidently meant first line men of war. The British foray against the Belgian coast was the first attempt, so far as publicly known, to bottle up the submarine bases at Zeebrugge and Ostend. The orders for the destruction of the concrete filled ships were carried out with dash and brilliancy.

Washington, April 23.—News of the British raid upon the German submarine bases at Ostend and Zeebrugge and of the attempt to bottle up those harbors was received with great interest at the Navy Department. The move was taken as another definite step in the carefully planned campaign against the U-boats, which it has been repeatedly predicted, would begin to show material results about this time.

The recent raid of the British grand fleet into the Cattegat, when 10 German trawlers were sunk, was said to have been another of the steps to prevent the egress of the submarines.

It has long been established that the principal bases of submarines which operate in those waters about the British Isles are in the captured Belgian ports. The wharves, work shops and basins of those harbors have been frequently bombed by allied airmen, in several instances with good results.

The allied plan of campaign, in which the American naval forces were given an important part, is understood to have contemplated both offensive and defensive activities. While submarine chasers, destroyers and fast cruisers endeavored to locate and annihilate the U-boats which put to sea, other means were to be taken to prevent the egress of submarines from their bases.

NINE ALIENS SWEAR ALLEGIENCE TO NATION

The following nine aliens were given their naturalization papers by Judge R. H. Latimer at Martinez yesterday:

Gabrielle Parini, Crockett; William and Alfred Frazer, San Pablo; Luigi DiCesare, Richmond; Amelio G. P. Govi, Martinez; Archibald Hendry Winchcole, Richmond; James Reed Grant, Avon; Sylvester Enes, Pittsburg; Thomas Joseph Mahoney, Richmond.

HUNS PLAN TO FORCE DOTCH INTO WAR IS BELIEF AT THE HAGUE

LONDON, April 23.—Germany has followed up her war threats against Holland by forwarding an ultimatum to The Hague, according to an article in the Daily News today, written by the lobby (parliamentary) correspondent. It is based on "reports in diplomatic circles."

The British foreign office is following the situation very closely and it is evident now that relations between Germany and Holland are more greatly strained than ever before.

Germany is basing her threats upon two grounds:

1—That Holland showed partiality toward the allies in returning a favorable answer to England's protest against allowing sand and gravel from Germany to be shipped into Belgium through Dutch canal routes.

2—That Holland violated the principle of neutrality in allowing the allies to take over her mercantile fleet.

(The famous "sand and gravel dispute" occurred last year when England protested on the ground that Germany was using the materials in the construction of defensive works in Belgium and France. Germany used the canal

DO YOUR DUTY--

It is just as much your duty to help win the war as it is for the boys who have gone to the front. Indeed no matter what you may do, you cannot make the sacrifice they offer to make, for they offer their lives, if need be, that you and I may enjoy the freedom of democracy. The most those of us at home can do is to provide them with the sinews of war and speed the time when they may return victorious. To do this WE MUST BUY LIBERTY BONDS. If you have not already bought don't let another Sun sink in the west until you can say: "I have done my best." Buy, Buy, buy all you can stand and then you still owe a debt to those who have gone "Over There." If there is anything about the bonds that you do not understand, come to this bank and we will explain it to you.

THE BONDS WILL BE SUBSCRIBED

The amount of the First Liberty Loan was two billion dollars. It was largely oversubscribed. The amount of the Second Liberty Loan was three billion dollars. It was largely oversubscribed. The amount of the Third Liberty Loan, the campaign for the bond sale was launched the first of the month, is for three billion dollars, and it may be safely predicted that it will be largely oversubscribed.

Secretary McAdoo expresses confidence that the people will respond to the Third Liberty Loan with the same loyalty and enthusiasm that characterized their support of the first two loans. "The great events now happening in France," says the secretary, "must fire the soul of every American with a new determination to furnish all the dollars and all the material resources of America that are needed to put an end to the execrable atrocities of Germen militarism. Defeat faces the kaiser. Let us hasten it by asserting America's right with increased vigor in concert with our gallant comrades."

Secretary McAdoo has not misjudged the spirit of the American people. They now realize what this war means to the United States and the world and the large part that this nation must play in determining the issue.

We have finally come to realize that this is a death struggle between autocracy and democracy. One or the other must go down. The world cannot continue with these two forms of government co-existent, any more than the United States could continue half slave and half free.

The people will oversubscribe the Third Liberty Loan, as they oversubscribed the first two loans. The bonds offer absolute and profitable security, but the great incentive is the winning of the war for freedom and mercy, and righteousness.

WHY DO YOU HESITATE?

If you are one of those who hesitate and postpone the investment of a few dollars of your savings in Liberty Bonds, we ask you to listen to the call sounding in the ears of every human being possessed of a loyal heart and soul, and a brain unclouded.

This is the call that has turned the world against the brutalized Huns who rule the peoples of Germany.

It is the call which drew millions of the world's bravest men to the plains of Picardy to battle against the driven forces of the apostle of rule-or-ruin.

It is the call which has been heard in hundreds of thousands of American homes by the finest and best boys who ever lived, and they'll go "over there" by the millions in answer to that call.

It is the call from stricken Serbia, devastated Belgium, desolated Russia and Italy and France.

It is the call from men and women and children beaten down and butchered by the arch butchers of the kaiser's training.

It is the call of liberty attacked, of democracy threatenen, of freedom fighting for existence.

It is the call of battle against wrong and injustice.

It is humanity's call!

And hearing it Americans can do one of two things:

Go "over there" and fight, or

Make it possible for others to go over there and fight.

Every $50 you invest in Liberty Loan Bonds will buy trench knives for a rifle company, or twenty-three hand grenades, or fourteen rifle grenades, or thirty-seven cases of surgical instruments for enlisted men's belts.

Your $100 bond will feed a soldier over there for eight months, or will purchase rifles for five soldiers.

New Yorkers are moving for a congressional appropriation for the deepening of Hell Gate channel to forty feet, asserting that "some day a back entrance for the biggest ships may be needed, and, if needed at all, it will be needed badly." Anything to get a hand in the pork barrel, eh?

Two hundred million dollars have been raised in Germany for the building of new merchant ships. This sum would build half a dozen or so, but where will the kaiser find a place to sail the dratted things, after they're built? His little old ocean is closed for the present.

The time will come some of these days when the common people of Germany will hate the Hohenzollerns as thoroughly as does Col. Henri Watterson of Louisville, along with some seven or eight hundred millions of other citizens of the world outside of Prussia.

Cincinnati is putting up a patriotic front, all right, but until she changes the name of some of her streets, called after German citizens, there is going to be some doubt about it. "Over the Rhine" in Zinzinnati isn't nearly so popular a place as it used to be.

PORPOISE MEAT IS SAID TO BE EXCELLENT FOR FOOD PURPOSES

HOUSTON, April 23.—It was a brave man who first ate of an oyster, and it was a patriotic group of New York business men who first ate of whale meat and let the tongues of the nation wagging.

Now comes an opportunity for Houston to outshine herself in the matter of a new meat diet, and the test of mettle is: "Who will tackle a porpoise steak?

The other morning J. B. Theall, R. L. Perry and George Hamilton, three meat dealers at the city market, each received fifty pounds of porpoise meat. The bay and gulf waters along the coast of Texas have an abundance of porpoises, and if this industry crops up and becomes a success Texas may have an industry measuring in volume the gigantic tuna fish industry of California.

A few years ago tuna was unknown as a food; today it is one of the sought sea foods.

In addition to having stocked up on porpoise meat, Theall received another 300 pound shipment of whale meat from Vancouver, B. C. This, it is understood, is the last whale steak shipment until May 15.

Houston is the first city in Texas, and perhaps the first city in the south, to make whale steaks a staple on the hotel and restaurant menus.

NOBLE SACRIFICE OF WOMEN WILL WIN THE WAR

AUBURN, Cal., April 22. — She was a stranger in town—the little lady in black. Quite unostentatiously she took a house here about four weeks ago. Her name is Mrs. Winifred Richardson. Since a Liberty Loan worker called on her the other day her fame has spread throughout the town.

In response to the Liberty Loan worker's knock the door opened upon a humbly furnished room. Two babies cooed from their blanket on the floor. The worker's hopes of selling a Liberty Bond went glimmering. She hardly had the heart to make her plea.

"Yes, I'll take a hundred dollar bond—it's the best I can do now—I'd like to take more—but really I can't," the little women was saying, on the West Front" she continued after signing the application. "He was an American, but he enlisted with the Canadians before we declared war. He was noble. I loved him."

Tears welled to the eyes of the loan worker, "But—but my dear woman, are you sure you can afford to buy a bond," the worker hesitated with Mrs. Richardson's hundred dollars in her hand.

"Yes, I must afford it," said the little woman. I have the pension from the British Government each month. I'm sorry I can't take more. He gave his life. It must not be in vain. I've been saving this hundred dollars for months to buy my bond. We must win."

Mrs. Richardson did her bit. It was enough. Now do yours BUY LIBERTY BONDS.

CATHOLIC CHURCH AT PINOLE WILL HAVE BENEFIT

The people of Pinole are going to give a benefit entertainment on Saturday evening next for St. Joseph's church in that city at the Opera House. It will be a sort of town affair, for all denominations will be among the guests. It will be of more than usual importance, for a great many of the prominent young people will take part in the program to furnish entertainment for those who will be present.

Miss Kette Walsh, prominent Richmond Irish comedienne, will be heard in her Irish "Come all, Yes," monologue and she will also dance Irish jigs.

Victoria Burgart will appear in Irish songs and will dance an Irish sailor's hornpipe.

The children of El Cerrito, comprising Sophia Wilson, Albert Wilson May Thompson, will put on the sketch "Take Mother the Last Liberty Bond."

The people of this city are cordially invited to attend and help along a good cause.

CATHOLIC CHURCH AT POINT TO PLAY WHIST

Our Lady of Mercy Catholic church at the Point is going to give a whist party tomorrow night in the church hall. Miss Annie Kenny and Mrs. George Woods will have charge of the event and are at the head of the committee of arrangements.

FESTIVAL OF HOLY GHOST TO BE HELD IN MAY

The Holy Ghost festival at San Pablo is going to take place this year on the 18th, 19th and 20th of May, according to plans outlined last Sunday by the prominent Portuguese people of that community at a meeting held in St. Paul's Hall. A committee consisting of Rev. Joseph Porta, John Regello, Frank Aguiar and Joe Machado was appointed to have charge of arrangements and handle the giving of the festival.

There will be a three days' celebration and the same elaborate preparations will be made as in the past years. There will be plenty to eat for everybody and people will be there from all over the northern and central portions of the state.

GIRL'S STATEMENT WILL HELP RICHMOND

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL helped me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.—C. E. Niebauer, druggist.

M'NEILL CATTLE DESTROY GARDEN TRUCK PATCHES IN PULLMAN

Keeping a herd of dairy cattle in an incorporated town, where it is unlawful for cattle to run at large is a difficult business, as is being discovered by McNeill, the Pullman dairyman who recently lost his right to pursue his calling in this city because of the fact that he kept his premises in an unsanitary condition.

According to complaints which came to the council at the meeting last night, McNeill has turned his cattle loose on the gardens of Pullman, and they are being destroyed by the predatory bovines. The people down there believe they are entitled to the protection of the city government and they will see to it that McNeill and his cattle are taken care of.

Cattle are not permitted to run at large in Richmond, but McNeil gets around the law by having his small boys herd the stock, but they are not prevented from destroying gardens, so the people claim.

JUDGE ODELL IS GOING AFTER SPEEDERS

Speeding autoists are going to get the limit of the law, according to Judge C. A. Odell and he proved the statement yesterday when C. S. Hall came before him on a charge of streaking up Macdonald avenue at the rate of 35 miles an hour.

In this particular case the judge himself was the accuser. He was standing on the corner of Macdonald avenue and Sixth street the other day when a black streak passed before his vision. After some cogitation he determined that the streak was a passing machine and that it was going at an excessive speed. Auty Duggan happened to be standing near and he requisitioned that urbane guntleman and his car to follow the speeder. He did and got the man's number and this eventually lead to his arrest.

So beware, speeders. It is unlawful to drive a car along Macdonald avenue anywhere between First and Sixteenth street at a greater speed than fifteen miles an hour. On Bissell avenue and the other streets of the city twenty miles is the maximum speed, with the exception of Cutting boulevard where the state road laws prevail.

RICHMOND BOY WRITES FOLKS AT HOME FROM 'SOMEWHERE IN FRANCE'

Mrs. Florence Shubat, has received a letter from her brother, Tommy DeLacey, former newspaper route boy for the Record-Herald, who is now in France. He is the son of T. J. DeLacy, who has held a position at the Standard Oil works in this city for many years, but now resides near Martinez. Young DeLacy refers to Henry McNamara, the young Martinez boy who was killed by an accident in France not long since. Here is the letter, which is addressed to the entire DeLacy family:

"Somewhere in France"
MARCH 23, 1918.

My Own Dear Mamma and Papa and All My Brothers and Sisters:

Well I am over here at last and I had a wonderful trip coming over. Fine weather and everything of course. It took some time to come but it was worth it. The climate and scenery are simply wonderful—just like California or Martinez weather. Grape vineyards wherever you go. The nights are cold just as they are there. I never felt better in my life.

How is everything out there? What do you think, we were out about four days on the water and when I was coming back from supper along the deck someone hollered at me and looked around and there sat Henry McNamara, of all persons. He was awful seasick. Nearly everyone was. There wasn't hardly anyone ate anything for almost a week. It sure was some sight, everyone hugging the rail and every once in a while someone would "heave the anchor" of course. I was a little seasick but I never missed a meal.

I hope I will never have anything to do with a life preserver again—We had to wear them all the time. We saw lots of big fish. I suppose they were sharks. We saw a whole school of them one day. The funniest things I ever saw, they lunge along like a rowboat.

There is a big hill all green and big trees right in back of camp just like the one at the foot of Main street where Honegger's used to live and when we got here I said to Henry "Let's take a walk up to Honegger's and get some wine." He looked at me and said "Where's Honegger's?" And I pointed to the top of the hill and then he said: "Darned if it don't look like it."

The buildings are the queerest things around here. Everything is stone. I suppose they were built centuries and centuries ago. And big iron gates with a big lock on them and then there is a string or a rope you pull and it rings a bell. The towns are just like those you see in the pictures small, narrow streets and big stone houses. Oh, it's queer all right, but one thing you can't get is tobacco, so for the love of Mike send me some tobacco. Send me one of those big square boxes of Bull Durham and some papers.

Hoping God will keep you all safe until I return to you I will close with lots of love to you all, I am your loving son and brother, Tommy.

Stomach Trouble Cured

Oakland, Oct. 2, '17
My stomach was my master for many years. I am a clerk in the office of the lumber department of the S. P. Co., and after every meal I had an annoying, grating sensation, together with an empty feeling in my stomach. Through lack of nourishment my health was broken and I was in a hospital for several weeks. The doctors first cleaned me out with a stomach pump. Then they treated me for ulcers, and finally, as I did not improve, they observed my digestion through an X-ray. Concluding that they could do nothing for me they sent me home with the suggestion of an operation.

Then a fellow employee who had received a great benefit by drinking the FONG WAN CHINESE HERBS suggested that I try them. The first cup of tea brought me genuine relief, and after a few weeks I was entirely cured. I am back in the office and will be glad to give my personal testimony to any desiring it.

CITY COUNCIL TO HELP VICE CRUSADERS

The city council is going to help the vice crusaders to clean up Richmond, according to statements made by the members of that body last night. Members of the city government have gone along with the idea, according to the statements, thinking the city is free from vice and a man comes along who knows nothing about the people or conditions and in one day and night finds many dens of iniquity so glaring that even a policeman should be able to distinguish them.

So the council is going to get busy and assist in the cleaning up process—provided, of course there is anything to clean up. This must be established, of course, beyond the question of doubt.

When Edwin E. Grant comes here tomorrow to make his speech before the people of this city he must furnish proof that everything he charges is true. This must be to the satisfaction of the council and the police and everybody else connected with the city government.

But there are others here who are not connected with the city government who know that what Senator Grant says is true—every word of it. Whether the city government and its minions are going to hide behind the subterfuge that Grant has not been able to supply the right kind of proof, remains to be seen.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog, and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advt.

MARRIAGE IS NO BAR TO TEACH IN THIS STATE

SACRAMENTO, April 23.—The fact that a woman teacher is married should not be a bar to her employment, provided she is efficient, according to Will C. Wood, Commissioner of Secondary Schools. Wood made this statement in answer to Mrs. Neva W. Lawson, of Bakersfield, who inquired as to sentiment of the State Board of Education in regard to retiring teachers because they are married.

—"I have no right to speak for the department, but speaking for myself, I can see no reason why any good teacher should be compelled to choose between a position as teacher and a husband," said Wood. "Some of the best teachers I have known have been married women. In fact, marriage, and especially motherhood, generally gives the teacher a more sympathetic attitude toward childhood.

"In view of threatened shortage of teachers, I feel very keenly that all efficient teachers should be retained in the service at this time. However, this is a matter for local boards to determine."

NEW LEADING MAN AT RICHMOND THEATRE

In "The Honeymoon," which will be shown at the Richmond Theatre tonight, Constance Talmadge introduces here new leading man, Earle Fox, young in years but experienced in dramatic and screen work. His most notable performances have been with Mae Murray and Pauline Frederick, and as Gerard Mordaunt in "Panthea" with Norma Talmadge the well-known Select star. To his ingratiating youthfulness and personal attractiveness, Mr. Fox adds a deft farce touch that pleases universally.

His role in "The Honeymoon" offers an opportunity for him to display his best talents as the bridegroom who is distracted from the business in hand, so to speak, by his secret pledge to help his newly acquired brother-in-law. How his "overt" acts arouse the suspicions of his own highstrung wife, and how he finally explains everything to her complete satisfaction, makes a bit of character work which Mr. Fox puts over with signal success to the great glee of the audience, and proves him a fitting foil for the captivating Constance Talmadge.

PATRIOTIC FILM TO BE SHOWN IN RICHMOND NEXT WEEK

Members of the Chamber of Commerce who went over to San Francisco last night to see the war pictures "Wake Up America," declare they were well repaid for their trouble. Not only did they see the pictures, but they arranged for them to come to Richmond next week.

Secretary Ralph W. E. Ames, who was one of the party visiting the metropolis last night, completed the arrangements to bring the pictures here and they will be shown at two evening performances and two matinees. First they will be shown in Oakland, after leaving San Francisco and then it will be Richmond's turn to see them.

They are said to be wonderful pictures and well worth one's time to see. They give a clear conception of the war and what it means to us and every other civilized country on the face of the globe.

The following gentlemen went to San Francisco last night to witness the performance at the St. Francis Hotel: W. L. Ballenger, Charles A. Walker, Herman Tuller, Charles J. Crary, C. S. Downing, Charles Younce, C. G. Bacon, Howard M. Flint, W. H. Lunceford, Dr. T. A. Superintendent Olsen of Oleum, H. Guthrie, W. W. Coy, F. E. Beck, D. Stidham, Captain Oscar Long, Mrs. W. H. Sanford and Miss Sanford and Secretory Ames of the Chamber of Commerce.

LIBERTY BOND DRIVE NEAR A CRUCIAL POINT HERE

While it is too early in the campaign to say that Richmond is going to reach the maximum asked of her in subscriptions to the Third Liberty Bond loan, still things are beginning to look very encouraging, according to Manager Charles J. Crary, who has the matter in hand for Richmond. Manager Crary declares that from all sources there come good reports and he feels very much enthused at the outlook.

The Pullman shops are making a good showing. Taking the shops all through they will average a fifty-dollar bond for each and every employee. This does not mean that every employee has subscribed, but it means that this is the average.

The Standard Oil works is doing exceedingly well, as is also the Santa Fe. But the Hercules Powder works is going to carry off the banner, is one is given out. Those fellows up there are getting big money for their work and they are investing it with a willing hand in these gilt-edged securities. Hercules is coming through handsomely in every way and the people will be surprised when the final report is made up from that town.

Everyone is urged to wear his Liberty Bond button and to place a Liberty Bond Honor Flag in his window. The Boy Scouts will commence their campaign on or about April 25th cleaning up the town as far as Liberty Bond subscriptions are concerned. If you haven't a flag in your window and don't wear a button the Boys will be after you.

CITY COUNCIL HOLDS LONG SESSION LAST NIGHT TO HANDLE ROUTINE BUSINESS

The major portion of the time of the city council last night was taken up with its secret session and hearing protest in the matter of Wall street in the Pullman district. George Cushing, the contractor on this work has his attorneys, Kirkbridge and Gordan present and while no testimony was presented, the subject was argued pro and con by Attorney Gordon, for Cushing and Attorney Falkner for the protestants.

At the conclusion of the hearing, the protest was overruled—as some of the councilmen stated, for the protection of the contractor. That is to say, the idea seemed to be that by overruling the protest, the protestants can take the matter into court and obtain their rights at the hands of a jury, with the accompanying bother and expense.

Another protest was filed concerning the opening of Clinton avenue.

Homer E. Wyatt, sanitary inspector, applied for leave of absence for two weeks, beginning the 6th of May. Homer is going to hibernate on his Sonoma county ranch for the period to study the ways of the humble chicken and the lowly moo-cow. Incidentally he will look after his fruit, of which he has a goodly lot. Mr. Wyatt reports that crop conditions in Sonoma county are excellent this year.

The Spanish-American War Veterans are going to hold their meetings henceforth in the basement of the city hall. They so informed the council last night and thanked them for the courtesy extended by their generous offer.

A resolution forcing tenants to leave rented houses in a clean and sanitary condition was adopted and will go into effect at once.

Contractor L. L. Page applied for 30 days' extension of time on the work being done on Tenth street and on Standard avenue. The applications were granted.

An application by E. Ceridono for a transfer of a liquor license from his partner to his brother was granted. The partner is going to war.

The license of the S. P. Hotel will be transferred to N. Tois.

The present men in charge there is in bad with the council just at present on account of the charge pending against him of being a solicitor for the houses of vice in this vicinity.

Persons who are in the habit of cussing the government, the president and everybody else in authority had better curb their tendency in this direction in the future. The council is going to pass an anti-sedition law. The draft was introduced and read the first time last night and will come up for passage next Monday evening, after which it will be a law. You can have all the opinion in the world regarding the inefficiency of the government and the inexpediency of the present war, but you must keep all of it strictly to yourself. It is not well to tell your wife or anybody else. The fact of the matter is there are too many people who abuse the privilege of free speech and the council is endeavoring to curb these as much as possible.

Then games were enjoyed and other diversions served, to make the night a jolly one.

CABINET FACES CRISIS.

THE HAGUE, April 23. — The Dutch cabinet met yesterday in extraordinary session.

The Handelsblad of Amsterdam on Monday expressed the belief that Germany would not hesitate to use communication through Holland, even at the risk of war, if she believed that by doing so victory could be obtained on the western front.

It was reported recently that Germany looked with disfavor upon Holland's attitude toward the seizure by the United States and Great Britain of Dutch tonnage in American and British ports.
